Screening of Evidence Sought in Nazi Case

SACRAMENTO, Calif., Oct. 4 (AP) — Federal prosecutors have asked a judge to screen for government secrets any evidence submitted by Otto von Bolschwing, 71 years old, who is accused of serving as an adviser to Adolf Eichmann.

Rodney Smith, an attorney for the United States Department of Justice, said he made the request Friday to prevent the possible disclosure of classified information by Mr. von Bolschwing.

The Government is attempting to strip Mr. von Bolschwing of his United States citizenship and deport him. He is accused of concealing wartime Nazi affiliations when he applied for citizenship in New York in 1959. The Government says he served as a Nazi adviser in the persecution of Jews.

Mr. Von Bolschwing contends that he was an undercover agent for the American Office of Strategic Services and denies ever having served in the SS or Gestapo.
